

January 17, 2022

To whom it concerns,

Evgenii Venkov started his studies at KTH Royal Institute of Technology in Stockholm in the fall of 2019 in the Bachelor's programme in Information and Communication Technology (TCOMK).

He is a dedicated student and has taken two courses with me (IE1204 and IE1206). He has also been a teaching assistant for me in exercises in IE1204 during the fall 2021, and lab assistant three times (IE1204 fall 2020, IE1206 spring 2021, IE1204 fall 2021).

I would like to recommend him as a Master student in his continued studies at KTH.

Sincerely,

Carl-Mikael Zetterling
Professor, Head of Division of Electronics and Embedded Systems
School of Electrical Engineering and Computer Science
